

## Fall 2021 Weaving Class Schedule

The schedule this season looks quite different from previous years. I am still navigating the “landscape” of our covid influenced reality and adapting to it.

So for this fall I am going to alter the line-up and all Weaving classes are Wednesdays with the night class starting a little earlier. Class size will be smaller and we will follow health guidelines. Vaccination is required. If you have any questions at all please let me know!

### WEAVING

#### **Beginning/Intermediate Weaving Barb Chappell**

Experience the fun and creativity of weaving on floor looms. No prior experience is necessary. Each student will plan a project suitable to their weaving experience and goals. #### **Woven Tapestry Wall Hanging**

**Deb Bednarek**

With the growing interest in tapestry weaving we were just starting to offer classes in this technique before last years shut down. So picking up where we left off we will continue on. In this class you will learn how to set up a frame loom if you haven't done that before. Several different tapestry weaving techniques will be taught to help you create a wall hanging to be proud of. Some advanced techniques including cartooning will be introduced for those who have the basics.

Different textured yarns, ribbons, wool roving, rope and even twigs can be combined in so many ways that you'll end up with ideas for a wall hanging for every room in your house. Looms available for purchase or rental or bring your own. Some fibers provided but feel free to bring your stash!
